Information pour l'entretien du mobilier

Suggestions d'entretien :

1. Après une certaine période d'utilisation, vous pouvez nettoyer le mobilier avec un chiffon et de l'eau légèrement salée. Ceci peut aider à la décontamination et préserver la flexibilité des matériaux. Vous évitez ainsi que les matériaux deviennent crispés et vous évitez les risques de la présence de mites.
2. Utilisez une brosse délicate ou un chiffon afin de brosser la poussière de l'intérieur vers l'extérieur. Utilisez ensuite un linge humide afin d'essuyer à nouveau.
3. Si le mobilier est exposé au soleil sur une longue période ou de manière intensive, il est souhaitable de mettre une housse en tissu afin de couvrir le mobilier lorsqu'il n'est pas utilisé.

Information pour l'entretien du mobilier

1. Évitez le contact avec les objets tranchants ou les objets lourds.
2. Ne placez pas d'objets qui concentrent facilement la chaleur sur le rotin/polywood/textile, comme le verre, la céramique, les coquilles et autres.
3. Faites attention à la surface du tissage du rotin, essayez de ne pas exposer la surface, ce qui pourrait modifier la forme du rotin.
4. Gardez une certaine distance entre le mobilier et les foyers ou autres sources de feu.
